PORTLAND,

OREGON.

TO OUR CUSTOMERS and FRIENDS —

IN presenting you with this, our **Eighth Annual Catalog**, we take the greatest of pleasure, and wish to thank you, one and all, for the patronage we have received in the past, and also for any favors received in the future.

Like all human beings we have our many faults, but if you compare our present prices with those of before the war, you will find that we are **not** guilty of **profiteering**. In fact, our prices are almost the same as at that time.

No doubt you will notice that we do not issue a 'classy' catalog, but will venture to say that expensive printing and paper does not improve the **quality** of the stock offered—only the **price** of it.

In comparing our prices with others, don't forget the fact that we are **actual growers** of everything that we list, and not just dealers.

We might mention that our Dahlias took **Four Firsts** and **One Second Prize** at the Oregon State Fair, and our display of up-to-date Gladioli received the **Blue Ribbon**.

There is a great shortage of Dahlia tubers this season. So, if you have a few second choice, name them in your order.

Wishing you the greatest of success with your garden and a most prosperous year, we remain,

Yours for more and better Flowers,

WHITE FLORAL CO.

*"From the Cheapest that's Good,
To the Finest that Grows."*

Before Ordering Read This

ORDER EARLY Before the supply of many varieties is exhausted. Stock will be reserved and shipped the latter part of April, unless we are notified otherwise.

TERMS Cash with order, or before shipment, by **Money Order** or **Bank Draft**, making all payable to name below. Stamps (5 or 2c) accepted on small order.

PREPAID Everything in this catalog will be shipped, postpaid, anywhere in the U. S. at prices quoted.

SUBSTITUTION We do not substitute unless asked to do so in the order, but would suggest naming a few as a second choice.

OUR GUARANTEE Every bulb, tuber or plant we send out is guaranteed true-to-name and will, on sufficient proof, replace 2 for 1 the next season, any that blooms untrue. We also guarantee all to be alive and arrive in good condition, after this our responsibility ceases. Notify us at once in case anything is unsatisfactory or does not start to grow, after planted a reasonable time.

REFERENCE U.S. National Bank, Portland, Or.

CATALOG PRINTED IN OUR OWN PRINT SHOP.

WHITE'S FOR WINNING ONDERS 1920

ALL ARE OF OUR OWN CREATION. NOW BEING OFFERED FOR THE FIRST TIME.

Pride of Portland (No. 150 A)

A magnificent variety that is worthy of a place in the most up to date collection, where something really gorgeous is desired. Quite similar to the ever popular "Geisha" in color, but the **yellow** is brighter and the **red** is of a richer shade. It is more double than that old favorite, in fact, some blooms are almost of the decorative type. Without a doubt one of the largest dahlias we have ever grown, with stems in proportion, that hold the giant blooms well above the foliage, never failing to attract the attention of everyone. It is a healthy, robust grower, producing the immense blooms early, freely and constantly all season.

A very few **Roots**, \$3.50. Strong **Plants**, \$2.00

OREGON SUNSET No. 150 B.

No description can give you any idea of the beauty of this gorgeously colored, full petaled, Peony Dahlia. Immense blooms of rich golden yellow, heavily suffused and dusted orange crimson. A distinct, and simply irresistible combination of colors. Free flowering and a vigorous grower with long, stout stems.

Plants in May, \$1.50. Strong **Tubers**, \$2.50

Autumn Marvel [No. 94]

Some dahlias are so easily grown successfully that they are a joy to possess. This is one of them. Color is a most beautiful, pure **golden buff**. The blooms are large and quite full, with the outer petals recurving to the stem and the center almost hidden with small, curly petals. Healthy, upright grower and a constant bloomer with extra long, stout stems.

Plants in May, \$1.25 Strong **Roots**, \$2.00

JACK LONDON. (No. 77)

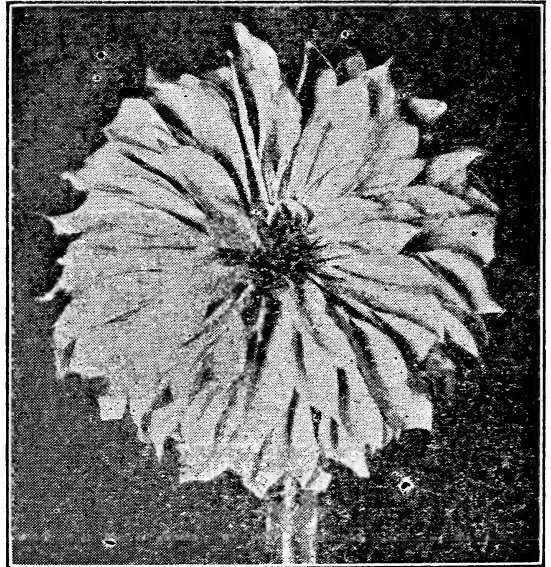

Red colored decoratives are quite numerous, but no one could resist this new variety, when seen growing in our show garden. Growth is strong and erect, the stems are long and very stiff, the large blooms are held upright and the color is a distinct shade of **dazzling vermilion scarlet**, deepening in the center.

Field-grown **tubers**, \$1.50

Autumn Glory (No. 93)

An immense flower (often 9 in. across) of the true peony flowered type. The color is hard to describe, distinct shade of **bronzy cinnamon**, burnished with **terra-cotta**. Some flowers have a broad, copper colored stripe, running the full length of each petal. Strong, robust grower with less foliage than usual; very long, graceful stems and a free and constant bloomer. Great favorite with all lovers of the autumn shades.

Plants in May, \$1.00. Strong **Roots**, \$1.50

Lucile Whyte (No. 69)

A deep **rosy lavender** of distinct form; the narrow petals are slightly corrugated and reflexed like the well known and ever popular "Sulphurea." Blooms are above the average size and the long stems are quite erect. One of the favorites for bouquets, with our visitors.

A few **Roots** at \$1.50. **Plants** in May, \$1.00.

20 Superb Dahlias of Oregon Origin.

The Dahlias listed below were all originated in Oregon and we honestly believe they are the equal of varieties originating elsewhere. See Our Own 1920 Introductions on page 1.

ARMISTICE—A distinct new white Peony dahlia of greatest merit. Flowers are large, with usually four or more rows of petals and held rigidly erect on strong stems; vigorous grower and blooms freely, M.e.g.c. \$1.50

Autumn Gold—Blending of bronze and buff. Large size; very free on good stems, T.g. .30

BYRON STREETER—Enormous decorative with slightly reflexed petals. Indescribable and fascinating shade of lilac purple, tinted lilac on the outer petals and overlaid with a peculiar bluish sheen. Strong, robust habit with flowers rigidly erect on stout stems; very lasting when cut, M. e. c. .75

CHALLENGE—Distinctly colored flower that is hard to beat in freedom and perfection of bloom and also as a cut-flower. Deep yellow at base, suffused and shading to crimson at tips of petals. Decorative, M. g. c. .50

***Ephriam Gill**—Hybrid Cactus. A Portland introduction of immense size with strong, erect stems. Deep amber, suffused with orange scarlet. A prizewinner, M. e. 1.00

EPOCH—(*New Type*)—The forerunner of an entirely new form in the dahlia family, which will undoubtedly prove of great value as cut flowers. Similar to the collarette, but is larger and has from 3 to 6 rows of petals and between each row a collar. Petals are bright carmine rose with a white collar. Grand, free flowering habit of growth, D. .50

Fantastique—Orchid Peony—Semi-double, with irregularly curled and twisted petals; distinct form. Deep cerise crimson, tipped and bordered with white and borne erect on long graceful stems, M. g. c. \$1.50

GARNET KING—Beautiful peony flowered dahlia of giant size and rich shade of deep garnet maroon in color. Exceedingly strong, robust growth; free bloomer, T.e.g.c. \$1.50

George H. Mastick—Hybrid Peony—Large flowers of blackish maroon with lighter tips to the outer rows of petals. Remarkably free and constant in flowering. Fine erect habit and upright stems, T. e. g. c. \$2.00

GOLDEN AUTUMN (Peony) Strong tubers .50
A beautiful deep yellow with the appearance of being overlaid with a gold dust sheen—a distinct shade. Plants are of ideal upright habit with extra stout stems of greatest length. An extra fine and very lasting cut flower. Yes, its of large size.

Glorious—Beautiful suffusion of tints of buff, cinnamon and apricot, making a fine autumn shade. Large size and very freely produced on long stems. New Peony flowered, T. 1.00

Helen Ladd Corbett—P— Beautiful, pinkish lavender of large size and perfect form. Long stems and very constant bloomer, M.c. .30

JAMES C. GILL—Gigantic new peony dahlia carried on extra strong, erect stems. Color is a striking, rich golden orange, sometimes marked with scarlet; very free, M.e.g. \$2.50

LEAH—(Collarette)—Even visitors who were not admirers of this type had to stop and admire this gem. An extra large flower held erect on very stout stems. Deep crimson maroon. While the collar is white and maroon. Some flowers are heavily penciled lilac. One of the most lasting when cut, D. .30

***MARCELLA**—Decorative—A delightful clear, soft pink, variety that is bound to become a great favorite with everyone, especially Florists. A wonderfully free bloomer on long, individual stems, that hold the blooms rigidly erect. Very perfectly formed and is second to none in keeping qualities when cut, D.g.c. \$1.25

Oregon Beauty—Brilliant, fiery scarlet without shading. Gorgeous flower which always attracts much attention, M. e.g.c. .30

Orville A. Stevens—(P) Ideal garden dahlia of good size; free flowering on very strong, erect stems of sufficient length for cutting. Color is a distinct shade of light orange scarlet. Strong, upright habit with just enough foliage and blooms very freely, T. g. c. .75

POMONA—Extra large new decorative dahlia of pure, deep creamy amber. Strong, free blooming plants with blossoms held upright on long, erect stems, M. e. g. c. \$1.50

***PRIDE OF AUTUMN**—(Decorative) \$1.00
No other variety in our gardens attracts more attention, owing to its distinct color and ideal, upright habit of growth. Blooms are of various autumn shades, running from golden buff through shades of salmon and terra-cotta to a coppery old rose, which blend beautifully in a bouquet. Flowers are large and bloom constantly. Long, wiry upright stems and lasting when cut. It is bound to be a great favorite with all who like the autumn shades. It is really a pleasure to grow this one—and its different too.

Sweet Sixteen—White, distinctly marked and shaded with carmine red, which never fails to attract attention. Large flowers carried erect on stems often 2 ft. long. An upright grower and constant bloomer, T. g. .30

Don't plant too early. Dahlias dislike to bloom during the hot, dry, mid-summer weather.

EXPLANATION—Capitals after descriptions signify the height: T, grows above 4 ft; M, Medium; and D, under 3ft. The letter e, suitable for exhibition; g, for garden; and c, for cut-flowers.

"Superior" Collection of 13 New and Rare Dahlias.

EDITH CAVELL—Enormous flower on very long, stout stems. Without doubt one of the greatest novelties ever offered. The flowers are of the full petaled Peony flowered type. Color is an elegant reddish bronze, shaded with old gold, M.e.g.c. Plants only, .75

***FOREST LOMA**—An immense, full petaled peony dahlia, held rigidly erect on long, extra stout stems. Color is a very striking combination of light yellow, heavily shaded with deep rosy cerise, M. e. g. \$1.00

***HOPE**—For perfection of bloom and stem this new English variety is hard to beat. The large, erect flowers are a beautiful mauve in color. Extra fine, D. e.c. \$1.25

***INSULINDA**—We really believe this new dahlia is one of the most wonderful yet introduced. Extra large with broad, wavy petals and long, strong stems. Brilliant golden orange color. Makes a wonderful bouquet. See page 8. M. e. g. c. \$1.25

***KING ALBERT**—Giant, pure violet-purple flower, carried erect on long, rigid stems far above foliage. Many flowers are full in the center. One of the finest new dahlias and a great favorite in our gardens, T.e.g.c. \$1.00

***KING OF AUTUMN**—A Decorative dahlia of a beautiful burnt amber shade, deepening in the center and very slightly tinged rose. Perfect habit, with flowers held high above foliage on the longest and strongest of stems. Very free and constant in flowering, and a wonder as a cut flower, T. g. c. \$1.00

JANE SELBY—A new Californian decorative that is second to none in size. Is a pleasing mauve pink in color; of great depth and is

perfectly formed. The giant blooms are held rigidly erect on stout stems, T.e.g.c. \$1.25

***POLAR STAR**—The purest white, and one of the finest new dahlias to date. Early, free and constant bloomer; flowers are often 8 in. across; stems long and upright. Very similar to "Sulphurea" in form of petals and growth. Some blooms are not quite full in the center, M. e.g.c. \$1.00

Pride of California—Enormous, rich red flowers on long, very stout stems. Strong, healthy grower, free bloomer and a splendid keeper when cut. One of the finest new decoratives, T.e.g.c. Plants, \$1; Tubers, \$1.50

PRINCESS MARY—A new Holland Decorative variety of perfect, upright habit that carries a mass of flowers on strong stems. Very attractive pure, rich pink shade, margined with sulphur. A beauty, T. g. c. .75

***SULPHURIA**—An extra large, clear sulphur yellow without shading. Early, wonderfully free and most constant bloomer. Petals are narrow, slightly rolled; worked and reflexed, like a Comet Aster. Fine in every way; a grand variety for cutting, M. e. g. c. .75

***TANGO**—Showy orange bronze; distinct and very attractive color. Large, very double flower with pointed petals; long, stout stems and strong, upright growth. Lasting when cut; scarce, T. e. g. c. .50

TOM LUNDY—Rich crimson hybrid cactus often nine inches across. Free, and constant bloomer on good stems. Robust grower; very satisfactory and reliable, M. e. g. .75

In Regard to all the Varieties Marked with a Star.

All the Dahlias in this catalog prefixed with a (*), can be supplied in the form of Growing Plants. Ready for delivery about May 10th. to June 1st., at **ONE-THIRD LESS** than the price quoted for the dormant tubers.

Dahlia plants will give equal or better results than tubers, if given a little more care in their early growth. In our own Show Garden we have always used them whenever obtainable. This season we are much better prepared to grow them, and intend using them almost exclusively for our display plants. However, we do not recommend 'plants' to the new beginner but will venture to say that they are preferred by practically all experienced growers and especially when prizewinning blooms are desired for the Fall Dahlia Shows. You will never know all about dahlias before giving plants a fair trial.

Don't plant Dahlia roots too close. They should have at least three feet of space.

Made in
U. S. A.

PEONY-FLOWERED DAHLIAS

Although a new type of the Dahlia family, these large, artistically formed flowers are rapidly and surely becoming the most popular of all.

Peony-flowered dahlias are the freest and most constant bloomers, and therefore most all are extra fine for a garden display.

**All Peony Dahlias are 30c.,
if the price is not stated.**

Ami Kendall—An immense orange copper flower on very long, stiff stems. A new American variety that is sure to become quite popular with all dahlia lovers. Free, upright habit, T.e.g. .75

America—Pure shrimp-pink, suffused orange. Large; ideal erect stems, M.e.c.

***ANNY DOPPENBERG**—A Peony-flowered hybrid-cactus type of flower of large size and almost full centered; blooms freely on long, strong stems. Lovely sulphur yellow with cream shadings. One of the most satisfactory new dahlias. M. g. c. .75

A. L. Doud—Clear, light yellow of large size. Early and free bloomer; long stems, M.e. .50

Ariadne—Amber and lemon shaded buff. Fine large flower of distinct form and coloring. Very free-flowering; great favorite, M. c.

AUORE—Bright orange salmon flowers of fine substance held erect on long, extra stout stems. Early and free bloomer, A.g.c. .75

Autumn—A brilliant, fiery red of large size; and one of the greatest bloomers of all, M.

Avalanche—Massive pure snow white flowers quite full to the center; free, M. e. .50

BEACON—Most brilliant scarlet peony to date. Very constant bloomer, T.

***BERTHA Von SUTTNER**—Delicate salmon pink, shaded yellow; quite double, of immense size; fine stems, D.e.c. .50

Bettws—Grand flowers of unusual form. Color a combination of old gold, rose and amber. Stems are long and quite erect, M. e. .50

CHAMELIAN—A deep ruby red, variably shaded purple and cerise; fine, M.c. .50

**AMI
KENDALL**

***DANDY**—Deep scarlet-crimson of beautiful form and good substance. Blooms carried erect on long, rigid stems. Early, very free blooming; of perfect, upright habit, T.c. .75

Dr. H. H. Rusby—Immense yellow, shading to primrose tips; profuse bloomer, M. e.

Dr. Henry Sewell—A distinct color; pinkish fawn with golden sheen; extra free and constant bloomer on good erect stems, T. c.

DR. PEARY—Dark mahogany red. The darkest and one of the largest varieties in this type. A constant bloomer, T. e. All bulbs SOLD this season. Plants in May. .25

Duchess of Brunswick—A distinct shade of bright apricot red, shaded orange. Large, very free bloomer and stout stems, D.e.c. .50

Don't overlook our Special Offers.

Don't plant Dahlias or Gladioli too near the roots of rank growing trees or shrubs.

ELSA—An immense white with good, long stems. Very free and constant bloomer; a California novelty that is fine for any purpose, T. e. c. .50

Ennumclaw—Splendid bright deep pink held high above foliage on fine erect stems. Very pleasing and attractive color, T. e. .50

Freda Newman—Bright orange bronze shaded old gold at the edges. Long stems and a constant bloomer. A new variety that has already become a great favorite, T. c.

FUGI—Large white with lemon base. Very attractive of distinct form, held erect on fine stems. Blooms profusely, T. c.

***GEISHA**—Golden yellow, changing to red and again to yellow tips. A sure bloomer and most popular, 8 to 10 in. across. Always scarce; in great demand, M. e. .50

GLORY of NYKERK—Rich violet purple, tinted crimson-cerise. Very large and quite full; stout stems. The best of its color we have seen; recommended, T. e. c.

Golden Gate—Blending of apricot and rich buff; ideal sunset coloring; good, M. c. .50

Goliath—The color is an intense, rich scarlet of twisted form. Blooms are of large size, quite full and held erect. Strong grower and good bloomer; an English novelty, M. e. .75

***Hal Curtis**—Lovely blending of old rose and salmon. Large, of true peony type, blooming very freely and erect on long stems, M. .75

Hampton Court—Very large, bright pink; extra long, strong stem; a good one, T. e. g. c.

Hi Gill—Golden yellow, reverse tinted bronze; Very large on long, strong stems, T. e. c. .50

H. J. Lovink—A very beautiful white and lilac; large, on long strong stems, M. e. c.

***HOLMAN HUNT**—Dark, velvety crimson of exceptional size; very long, strong stems. Extra fine and probably the best dark red peony dahlia of all, M. e. c. .50

ISA—Very odd shade of light fawn pink, overlaid with amber. Good habit of growth, free bloomer and long, erect stems, M. c. .75

***KAKADEE**—The Wonder from Scotland.

Hybrid-peony dahlia of the greatest merit. The color is a most beautiful lemon yellow, changing to almost white at the tips. A large, attractive flower on very stout, erect stems. Plants are dwarf, needing no staking, tying etc. One of the first to bloom and one of the last. A very lasting cut-flower. By far one of the best dahlias we ever grew. .50

KLONDYKE—A beautiful orange buff; very long, erect stem; ideal, upright habit and free bloomer. One of the finest for cutting, M. c.

***Lady Lloyd**—Magnificent, full petaled flower of deep cardinal; very large; free, M. e. .50

La Hollande—Light salmon rose with golden suffusion that deepens in the center, M. c.

***LAURA**—Giant flower with broad slightly twisted petals and fine long, stout, erect stems. Pale, silvery rose, often suffused deep rose. Sure to be popular, T. e. c. .75

***Laura Barnes**—A large flower of quite distinct and very attractive color and formation; bright, reddish orange shade. Strong, robust growth; long individual stem, M. .75

LIBERTY—A magnificent shade of salmon scarlet. Enormous size, produced freely and erect on long stems. By far one of the best for any purpose, T. e. g. c. .50

***LIBRA**—A monster and a very free bloomer. Distinct form and attractive color. Peculiar rosy cerise, with broad, curled and twisted petals. Fine robust, upright habit with long, erect stems. Fine in every way, M. e. g. c. .75

Lord Milner—Golden yellow, blended with cream and crimson. Free-blooming, upright habit of growth with long, erect stems. One of our favorites; always reliable, M. c.

Mad. J. COISSARD—Lovely blending of white with carmine red. French variety of greatest merit. One of the most lasting and attractive for cut-flowers, D. c.

Mad. Vard—Striking shade of currant-red, streaked and shading to yellow in the center. Of good substance and erect stems, D. e. c. .50

Mad. Von Bystein—Very beautiful, pure lilac lavender; large size and lovely form; erect on splendid stems; one of the best, M. e. c.

MAPLE LEAF—Rich golden yellow, heavily splashed with bright red; a gorgeous and showy color combination. Good size and long stem; quite distinct, D. c. .50

Mauve Satin—A distinct pure mauve; large, graceful form; greatly admired, T. e.

***MEYERBEER**—Crimson suffused purple. One of the largest and most distinct. Very stout, long stems. This is without doubt one of the very best, M. e. c. .75

Miantonomi—A distinct color, deep amber buff. Immense size; strong grower, T. e. .50

Mildred Wight—Large, rich yellow with flat, broad petals. Erect growth; free, T. c. .50

On very poor soil work in a little well-rotted manure or bone meal, but don't over do it.

- Eagle Rock**—Large, massive flowers of creamy white, blended with an apple-blossom pink; quite distinct. Healthy grower and good bloomer; stout stems, M.e. Plants only, .75
- EDITH WOOSTER**—Lovely blending of golden yellow and sunset red that is impossible to describe and which appeals to everyone. Large blooms on long, erect stems. Fine upright, free-flowering habit, T.e.g.c. Plants, \$1.
- Eleanor Stisser**—Bronzy orange shade; fine autumn color. Robust grower, M. g. c.
- F. A. Butts**—An immense blush white. Stems over 18 inches long; very free, M. g. c.
- Favorite**—Lovely, clear flesh pink of perfect form and erect on long stems, M. c. .50
- *Futurity**—Wonderful English variety of beautiful shrimp pink or old rose color. A large flower, standing erect on extra long stout stems. Good bloomer and admired by everyone, T. e. g. c. .75
- *Gen. CUSTER**—An unusually free-flowering new variety, often over 8 in. across. A combination of yellow, white and coral red; no two blooms are just alike in color and many are of attractive peony form, M. e.g. \$1.00
- Glory of Leiden**—One of the richest and most beautiful shades of dark crimson we have yet seen. Free, erect habit and stem, M. g.c.
- Hallebarde**—Chrome yellow with streaks of red. Free and very attractive, D. g.
- *HAROLD**—Rare new variety of distinct type, resembling a water lily. Color is a salmon red with a bronzy sheen. Grand, free-flowering habit and stout, erect stems, D. g. \$1.25
- *HORTALANUS FEIT**—Bright glistening salmon-rose, shaded with gold. Held erect on good stems. Immense flower and a prizewinner everywhere, e.g.c. .75
- Hortalanus Witte**—One of the purest and best white dahlias in this type, M. g. c.
- IMMENSE**—White, marbled and streaked crimson-lake; one of the best M. e. g.
- Jack Kidd**—Brightest golden amber of good size and profuse bloomer; very fine, M. g. c.
- Jeanne Charmet**—Extra large lilac pink with lighter center; long stems; reliable, M. e.g.c.
- Jonkheer Boreel**—An elegant, large flower of bronzy buff-yellow color; a clear and most beautiful shade. Strong, upright grower and long, stout, erect stems. One of the grandest new Dutch sorts; stock limited, M.g.c. 1.00
- *La Conner**—Beautiful shrimp pink with a golden suffusion. Wonderfully free and constant bloomer, admired by all, M. g. .50
- LATONA**—Fine large flower of pretty pale yellow tinged buff and lavender. Freely produced on the stoutest, erect stems. This new Holland creation is sure to be in great demand very soon, M.e.g.c. .75
- Lavern**—A giant flowering lemon yellow with partly quilled petals; a very strong, robust grower and has stout stems, M. e. g. .50
- Le Grand Manitou**—An immense flower of perfect form; white, striped and spotted purple. Best variety of its color D. e. g. c.
- LEO XIII**—Extra large flower of a bright yellow. Early and continuous bloomer. Grand form; pointed petals, D.e.g. .50
- Mabel**—Beautiful, delicate shade of mauve. Finest upright habit, flowering very freely and erect with extra fine stems. One of the best and most popular cut-flowers, T. e. c.
- *MADONNA (THE BRIDE)**—Silvery white flowers often over 8 in. across, with wavy and slightly reflexed petals, which is unusual and very attractive. Excellent upright, free flowering habit, having long stems with blooms perfectly erect. Has been a favorite with us, M. e. g. c. .75
- Maman Rozain**—Pearly white, tipped and suffused rosy purple; large flowers on very erect stems; very attractive M. e. g. c. .50
- MARIE M. SELMA**—Most attractive pure, rich pink shade. Flowers are large with wavy, reflexed petals, making a flower of distinct and artistic form. Habit of growth is ideal with long, upright stems; blooms freely and is one of our greatest favorites for cut-flowers, M. e. g. c. .50

- Meadow Gold**—Large primrose yellow, tinted light pink; very free on fine stems, M.g.c. .20
- Mildred Slocum**—Beautiful, light mauve with silvery shadings. Large, perfect blooms on long wiry stems; early and free, M.g.c. .75
- MINA BURGLE**—Pure, deep scarlet without shading. Strong stems hold the immense blooms erect; very free and constant. One of the most useful and popular of all and worthy a place in any collection, M. e.g.c. .30
- Minos**—(Black Beauty) Almost black, T.g.c. .15
- *Mon. Le Normand**—Immense flower of bright yellow, spotted and penciled with red and often tipped white. Constant bloomer all season; good stems. *One of the most attractive and reliable*, M.e.g.c. .75
- Mrs. Addison Pratt**—Unusually large flowers of distinct and attractive form on long, stiff stems. Combination of delicate buff suffused with a coppery bronze. Wonderful new American novelty, T.e. Plants Only, \$1.00
- Mrs. Myatt**—Bright, rich crimson with scarlet shadings; very erect, stiff stems, D. g. c.
- Mrs. R. D. Robinson**—Extra large bright yellow on long, graceful stems, T. e. g.
- Mrs Richard Lohrman**—A pure, deep yellow hybrid-cactus of perfect form and large. Very striking and distinct, D.g.c. **SOLD**
- NEVADA**— Surely one of the best of all whites. Pure color, perfect form, large size, ideal growth, freedom of bloom, long stem and most of all a lasting cut-flower, M. e. g. c. .30
- Pacific**—Soft cream overlaid with pale pink. Large flower of perfect form that blossoms early and continuously on fine stems, D.e. .50
- *PA FENTON**—Beautiful clear shade of rosy lilac held very erect on wiry stems. Not an extra large flower but of perfect form and a mass of blooms all season. M. g. c. .50
- PAUL BONYON**—Beautiful salmon orange flower freely produced on long upright stems; extra large and fine, T.e.g.c. .50
- Pierre Le Bloud**—An attractive fancy; dark blood red. evenly tipped white. The distinct color combination and excellent stems make this an exceedingly popular sort, T.g.c. .50
- Pink Gem**—A beautiful rosy shade of deep lavender pink; fine formed, erect flowers on extra good stems and quite free, M. g. c.
- *Princess Angeline**—Deep cerise-violet color on long stems; a great bloomer, M. g. c.
- PRINCESS JULIANA**— A beautiful and useful, white dahlia. Erect grower and profuse bloomer on long, strong stems; a lasting flower for cutting, T. g. c.
- Purple Manitou**—Same as Le Grand Manitou except color; a clear, deep purple, D. e. g.
- QUEENIE**—Golden amber, tinted with salmon. Flowers of good size and very perfect form. Early, free and constant bloomer on long, hard, erect stems. A favorite, M. g. c. .75
- QUEEN MARY**— A lovely satiny pink of free-flowering bushy habit; erect flowers on stiff stems. Ideal cut-flower, M. g. c.
- Red Flag**—Velvety crimson red; large and always full in the center. A mass of bloom all season. Blooms held erect, M.e.g. .75
- Seabright**—Apricot-buff; fine stems, M. c.
- *SHASTA**—A very large new white sort, held rigidly erect on strong stems. The petals are serrated at the tips; very free, M.e.g.c. \$1.50
- Souv. De G. Doazon**—One of the largest and a profuse bloomer; orange red, T.e.g.c. .20
- Spencer**—A gorgeous shade of rich crimson, sometimes marked white; an immense flower bordering on the Show type, M. .75
- *STARTLER**—Very strong growing variety with immense cardinal and scarlet flowers, held erect on long stems, T.e.c. \$1.00
- TENOR ALVAREZ**—Lilac-rose, variegated with crimson-purple. Of large size and very free flowering; distinct, M. e. g.
- Totem**—Very odd and fascinating blending of buff and reddish orange; good stem, D. .50
- Transcendent**—Large, compact sulphur yellow; very strong, long, erect stems, T.c. .50
- WARNEFORD**—New English variety of a pure, snow white. of most perfect form; long, wiry stems; free, M. g. c. .50
- Wyvern**—Soft silvery mauve of good size and reflexed, rounded form. Very good habit and strong upright flower stems, M. c. .75
- Yellow Colosse**—Large, perfect flowers of a clear, bright yellow; extra fine, M. e. g. c.

HYBRID CACTUS

These are between the Cactus and Decorative in form and are rapidly becoming the most popular. As a type they are strong growers with fine stems

ATTRACTION—Extra large, magnificent flower of pure rosy lilac; extra strong stems of greatest length, M.e.g.c. .50

BIANCA—Finest shade of lavender pink—Grand erect habit, blooms carried high above foliage on the stoutest of stems. Hybrid-cactus in form and by far one of the most lasting cut flower dahlias, T.g.c. .30

DIANA—Rich crimson, shaded violet. A giant; broad, irregular petals, D.e. .50

Etendard de Lyon—Rich carmine-rose, with a brilliant suffusion of magenta. Giant flower of hybrid-cactus type, M.e.g.c. .50

***GARRIBALDI**—An immense flower and profuse bloomer. The long, flat, curly petals give a fluffy appearance; stems good, D.e.g. .75

***GEO. WALTERS**—One of the largest and best varieties to date. Salmon pink with gold suffusion in the center. Wonderful bloomer, with long, stout stems. A leader and always in great demand, M.e.g.c. .75

Golden West—Without doubt one of the very finest Hybrid-Cactus. The extra large blooms are held erect on strong long stems. Bright orange-buff color. A leading cut-flower, M. e.g.c. .50

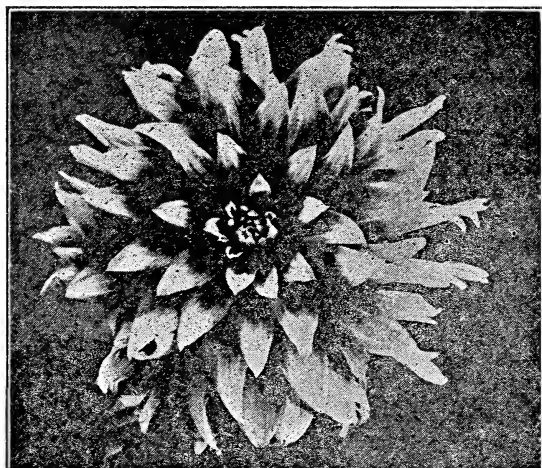

HOFFNUNG—A very beautiful chamoise rose with light yellow at the base of the long, incurved petals. Wonderful, free blooming variety and very large, M. e. g. .50

***Justice Bailey**—Rich, glowing pink, shading to almost white in the center; large, D.e. .50

***KALIF**—Grand hybrid-cactus, frequently 9 inches in diameter. Pure deep scarlet with broad, moderately incurved petals; fine erect, free flowering habit with long, strong stems, M.e.g.c. .50

Mrs. EDNA SPENCER—Large new variety of a delicate shade of orchid pink. Beautiful form and stout stems. Extra free bloomer and a vigorous grower, M.g.c. Plants, \$1.

***Mrs. J. C. Vaughn**—Bright clear yellow of largest size with incurved petals and good erect stems. Hybrid cactus-Peony, D.g.c. .50

HYBRID CACTUS TYPE OF DAHLIA

Mrs. W. E. ESTES—Probably the largest and one of the finest pure white dahlias to date. The giant flowers are held high above the foliage on strong stems, T.e.g.c. Plants, \$1.

Mrs. Warnaar—A new giant hybrid cactus of greatest merit. Creamy white, tinted delicate pink. By far one of the best to date, M. e. g.c. All Tubers are Sold. Plants in May, .50

Nibelungenhort—Flowers 7 to 8 in. across; broad petals of delicate salmon-rose with golden suffusion; very free, M. e. g. .30

Rapiere—Hybrid-cactus of a pure gold shade, tinted salmon; very attractive, M.g. .75

Rheingau—Very showy, deep scarlet of large size. Extra free on good stems, M.g.c. .30

Ruth C. Gleadell—Pleasing shade of yellow tinged with pink on outer petals. Immense flower of remarkable and perfect form. Strong, robust grower, M. e. 1.00

VATER RHEIN—Often 7 in. across; petals quite broad and curled. Light salmon rose with golden center, T. e. g.

***WODAN**—Giant hybrid-cactus. Salmon-rose shading to bright gold in center. Robust, upright habit; fine long, erect stems; one of the finest of all, T.e.g.c. .50

YELLOW KING—Immense sulphur yellow hybrid-cactus of great merit. Long, stiff stems; grand, D.e.c. .50

You can easily overwater, when plants are young, but you can not over cultivate them.

CACTUS DAHLIAS

Probably the most popular type of the Dahlia family. Many resemble the Crysanthemum in form and have an unlimited range of colors. Most have incurved, narrow petals while some are almost straight and others broader.

ALL VARIETIES NOT PRICED ARE 30C. EACH.

- Ajax**—Orange, suffused salmon-buff, T. e. g.
- Alex. Kennedy**— Immense, deep crimson on long, rigid stems; resembles 'F. W. Fellows' in form. Promising new variety, T.e.c. \$1.50
- Aloha**—Very pleasing light, pinkish coral color, with yellow base. Wiry stems, M.g.c. .50
- America**—Large white, speckled with purple. Beautiful incurved flowers, T. e. .50
- Armentine Desliens**—Creamy yellow, suffused and tipped violet rose; very fine, T.c.

1920 'Surprise' Collection

A REAL BARGAIN IN DAHLIAS

About planting time we always find we have more stock of some varieties than we care to plant. Send us \$1.00 any time before June 1st., and we will send post-paid, a named collection of extra good dahlias worth many times the amount, all labeled. All orders filled and shipped about May 15th. to 22nd., at which time we commence planting our gardens. We do not say what this collection will consist of as we want it to be a real surprise to everyone.

To help prevent disease, give your Dahlias a shower bath daily, during dry, hot weather.

COLLARETTE DAHLIAS

These are the freest bloomers, having long stems and make fine, lasting cut-flowers. Flowers are single, with a second row of short petals, or collar, usually of a contrasting color. The individual blooms are almost perfection in form and a dozen or more make a *most artistic and showy bouquet*.

All varieties are 20c each, if price is not printed.

EPOCH (Page 2) GARLAND LEAH (Page 2)

Our selection for only, .50

For Ivy, Rose and Lady Washington Geraniums, and other flowering plants, etc., see page, 20.

Daily surface sprinklings do more harm than good — soak the beds thoroughly when needed.

GLADIOLI

EVERYBODY'S
FLOWER

The most beautiful and attractive of all summer flowering bulbs are the newer Gladioli. Such a rapid improvement has been made during the past few years, in the size, color and beauty of these flowers, that the result is wonderful. If cut when the first buds open and allowed to

develop indoors, every bud will open and the size and color will be more perfect than if left in the sun. The spikes will continue to open additional buds for a week or two weeks, according to the variety and conditions.

CULTURE—You can plant a Gladiolus bulb in most any kind of soil and it will bloom, but attention to a few simple details will produce superior results. Sound healthy bulbs and a sunny situation is the most important. Successive plantings in the same place should be avoided when possible. Plant 3 to 5 inches apart and to a depth of 4 to 6 inches, depending on size of bulb and character of soil. May be planted as early as the end of March or as late as the middle of June. By planting at intervals during this time you will have flowers all season. Cultivate often until flower spikes appear, then if possible, cover the ground with a mulch and water thoroughly when in bloom. Dig in November (or sooner if foliage begins to ripen) on a sunny day if possible, so as to allow them to dry off well before storing in a cool, dry, frost-proof place. Cut off the tops close up to the bulb, as soon as dug.

5c. each; 50c., dozen; \$3.50 per 100

AMERICA—The Finest of all. One of the most popular and valuable varieties grown. Without doubt one of the easiest to grow. The color is a beautiful soft flesh pink, tinted with delicate lavender. Large, open flowers.

Black Beauty—Dark crimson maroon; fine.

Independence—Light flame scarlet with dark red throat. Tall and vigorous growth.

Mrs. Fran. King—One of the most attractive and popular Gladioli. A striking shade of light scarlet or flame color. Very large.

Velvet King—A most reliable rich red sort; large and early. Ideal for large beds.

7c. Each; dozen, 70c. Any 3 for 20c.

Attraction Bright-carmine; white throat.

Baron Hulot—Deep, rich indigo blue. One of the best for bouquets; admired by all.

Crackerjack—Rich dark crimson with lighter throat. Long spikes; wide, open flowers.

PANAMA (See Next Page)

Gladioli are rapidly becoming universal favorites. Start, or add to your collection this Spring.

7c. Each; dozen, 70c. Any 3 for 20c.

Halley—Large open flower of a beautiful salmon pink. Without doubt one of the best.

Empress of India—An intense, dark maroon; almost black. Many blooms out at once.

Glory of Holland—Tall white, tinted pink.

Rouge Torch—White with a scarlet blotch.

10c. Each; dozen, \$1.00 Any 3 for 25c.

Visit Our Gardens

[1 block North of Peninsula Park]

We wish to extend to all a hearty invitation to visit our Dahlia and Floral Gardens. Over 700 named varieties of Dahlias, including the best European and American Novelties, as well as many new Creations of our own origin not yet offered to the public, will be growing under most up-to-date methods, and will be at their best after the middle of August, and until a heavy frost. Large collection of the newer Gladioli, and various other flowers, will bloom in their respective seasons.

All flower lovers and especially dahlia enthusiasts should try and see the flowers during September or early October, as we honestly believe it will be time well spent. And, you can also visit the Peninsular Park and Sunken Rose Gardens at the same time, as we are located just north of this ever increasingly popular place of amusement.

Take Kenton Car to Portland Boul.
and you will be right at our Gardens.

If you do not find the varieties you want in this catalog, write us. We have many of which stock is too limited this season to catalog. But we will be glad to quote you our lowest prices on them.

Are Our Trials Extensive?

After giving them thorough trial we have discarded over 1300 varieties of Dahlias during the past few years. *Draw your own conclusions.*

NOT POSTPAID — If any of the following plants are wanted by parcel post, add 10c for the first dozen and 5c. for additional dozens.
